MB Docket No. 04-233

DOCKET FILE COPY ORIGINAL

Dear **FEC**

Please help keep my Christian radio station on the air. I see bumper stickers like mine while in traffic jams. We smile and nod to each other. Then turn up the radio so all can hear a positive and encouraging song. Lots of my co-workers also listen to K-LOVE.

Please do not replace K-LOVE with LPFM stations. We can get these stations anytime anywhere. We need to stand up for Jesus. Stand for our Christian values. K-LOVE is comforting and loving.

We need a station we can listen to with our children, teenagers and us "old folk". As they say no 7 second delay needed with K-LOVE young children can listen and learn, without us parents and grandparents worrying what kind of language they will be using afterward. There are not many radio stations that we don't have to monitor for bad language.

Please keep our FM translator service in good hands with Christian radio K-LOVE

God be with you as you make this decision

DOCKET FILE COPY ORIGINAL

RE: K-LOVE-FM "MB Docket No. 04-233"

I understand the FCC is introducing a new low-power FM (LPFM) which will have priority over existing FM translator services.

I would be very disappointed if my K-LOVE-FM station were no longer broadcast. It gives Mesa and the greater Phoenix area a station to listen to which is healthy for the whole family. It promotes values which have built this country. If it were displaced it would be a great loss not only in this area but everywhere that K-LOVE-FM is heard.

Please take this in consideration. Our world would be much less without the great sound and values espoused by K-LOVE.

Thank You
Lorna Evans

I am writing this note to in responds to the MB Docket N. 04-233. I want to express my personal wishes as a K LOVE contributor not to allow for this music network to become secularized. I enjoy the listener supported family radio station. I vote for this station not to be taken over by the media. I listen to this wonderful programming on 88.7 and I enjoy and depend on the current programming to bring a true gift for God, when the other stations do not.

Thank you,
Ruth Jones

Re: MB Docket No.04-233

DOCKET FILE COPY CRIT

Dear FCC Representatives:

I am writing because I have great concern for my radio station, K-LOVE, 104.3 in the Greater Cincinnati, OH, area!

I understand that it is in danger of being replaced with lower power FM stations who are not as family-friendly as K-LOVE.

LPFM stations may not have the same family-friendly programming I have come to enjoy!

I also know that K-LOVE supports wholesome values and has a positive and encouraging impact on communities all across America. When I am listening to K-LOVE, I know that all across America, Christians of all ages are hearing the same songs, information, and helpful advice that I enjoy! What a thrill to know that my friend in California is listening to the same station as I am listening.

Lower Power FM's may have a negative impact on local community programs, such as schools, other churches, and teen groups. Their gross banter in the early mornings can have a devastating effect on teenagers riding to school together, can encourage them to talk of things beyond their knowledge, and lead to promiscuous behaviors which parents do not consider moral.

K-LOVE is a station that is listener-supported, and DEFINITELY in the public interest!

I am praying that you will reconsider your thought of replacing K-LOVE with a Lower Power station so that K-LOVE will not be forced off the air!

Sincerely,

Mary Beth Oberlin

I listen to K Love on my way to work
& home. There are at least 2
businesses that play K Love. They're
fast food places & I love hearing K Love
then as well.

This station is important to Klamath
Falls, Oregon because of its family values,
positive thinking & uplifting music.

I listen on 88.1 FM

In Christ all things are possible.

Dear Sirs:

I would like to express my concern over the new
broadcast system service known as LPFM. In my
area, we enjoy FM translator service for our favorite
radio signal K-LOVE on 89.1 in Emeryville. Our translator
would be forced off the air if the proposed rule changes
are enacted & the LPFM's are given priority. I'm want-
ing to enjoy the same family-friendly programming
K-LOVE consistently provides my area. Please continue
to provide us this valuable station.

Sincerely, Patricia Bullock

MB DOCKET #04-233

for listening to our opinion!

As a contributor to K-LOVE radio station (96.1 in our area) — we ask that you leave our current FM translator service as it is. This is the first Christian Radio station that we've been able to receive clearly in our area. We live in a rural community in south west Missouri — Eldorado Springs.

We listen to K-LOVE constantly — it is very positive and up lifting (not to mention family safe) We feel so much better hearing songs praising our Lord. Lots of people in our community help support

K-LOVE to keep it on the air. That is how much we appreciate being able to listen to a Christian station. If I'm not able to continue listening to K-LOVE — my radio will go off because there's nothing else out there decent enough to listen to, I don't want it displaced by an LPFM broadcaster.

We're begging you. Please don't let these new LPFM stations take priority over our current FM translator service. We NEED K-LOVE!!!

I listen to a radio station
K-LOVE out of California (88.1FM)
each and every day. I am
concerned that the FCC
is considering to take the
FM translator service
away. I appreciate the fact
that I can listen to this station
that focuses on family values
and the Christian faith that I
believe. There are no other stations
in my area that focus on these
perspectives without being funded
by useless advertising.

We need this kind of values that
K-LOVE provides to this community. They
have a fresh encouraging perspective

that provides hope. I would
feel like I was separated from
my family if this broadcasting
were to be taken away.

Not only would this be devastating
for our community, but the nation
as a whole would also be disadvantaged.

At least as it stands now we
have a choice in what we listen
to thanks to K LOVE! We need
more of these kinds of family
friendly choices these days not
less!

Sincerely,
Joe & Marian Hiberator

90.1 is a necessary Station because it fits needs of all ages in our Community. We don't have a need for any changes concerning the (LPFM). We live in the Banning Desert Area and enjoy this Station. The format meets our needs just fine. Spirit Station meets clean family Standards for Adults Teenagers & Children of fine listening and meeting everyday life & Needs. We don't like the idea of it being taken away. We Support this Station 90.1 of this Area. We Need Air One.

Thank You, Bobby & Mary Ann

Dear FCC

10-18-04

BOOKET FILE COPY ORIGINAL

I felt this letter has great importance in informing you of the great mistake in changing the status of FM Translator to LPFM priority. How I personally benefit is the free insightful comments pertaining to healthy interaction with my family, community. My opinion says this is a great form of counseling which you choose to adopt or not. My own family has become better behaved adults due to this station. Testimonies of people who randomly stopped on this station also speaks of its power to change lives for the better - saving lives from death even. One I work with once expressed how mellow the music was, but this high anxiety man turned the station once he realized it was a christian station. Last note to you, This station promotes love and not hate like many other stations. Our world is sorely in need of this hope.

Sincerely

Kathy DiMeglio

October 19, 2004

RE: "MB Docket No. 04-233"

DOCKET FILE

To the FCC,

I am writing in regards to an issue that was recently brought to my attention concerning LPFM being given priority over FM translator services. I plead with you to give this serious thought. My teenagers and myself personally listen basically only to K-LOVE radio station at 89.9 on FM translator service. It would be a very vital part of our lives taken away and robbed from us if it was not available. This may sound a little melodramatic but I seriously do not know what we would do if we did not have this station available. I have seen personally the effect it has on different people and the atmosphere it creates in my work place in my local community. I work at a coffee shop and a flower shop and it is amazing the positive mood it sets and the upbeat attitudes that result from its uplifting words and songs. It opens doors of conversation that draws people out to talk like nothing else I have seen. It also provides awesome opportunities to share hope to people that need to know someone cares and will just listen. I just feel that in today's world we need all the positive encouragement that we can get and K-LOVE is a true blessing and vital part of that. I think that to not have it available to everyone would be just wrong and in a sense taking away a security and comfort and blessing to many peoples daily lives. Please, I plead to you personally, not to let LPFM take priority. I know that all across America there are many people that would be as devastated as us if we lost this privilege.

Thank you,
Brenda Schneider

Regarding MB Docket No. 04-233

DOCKET FILE COPY ORIGINAL

This letter is in response to information I received that the only radio station I listen to could be in jeopardy, due to LPFM station priority over FM K-LOVE, currently heard on 90.5 in the Albuquerque area.

This station is truly a Good News Christian radio station giving encouragement and truth to its listeners.

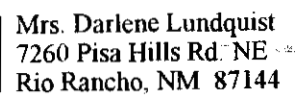

There are many people who benefit spiritually from this great station, and are privileged to hear the latest in Contemporary Christian music. In this world which is full of opposites and sin, K-LOVE is truly a life line to many people, young and old bringing the gospel message to many in need.

This station is in the public interest because it is good, clean, encouraging music with a message of hope and salvation, reaching out to everyone. Jesus can and does change lives!

I hope this letter will influence your decision to help keep K-LOVE on the air. Do not force K-LOVE off the air!

Prayerfully,

Marlene H. Lundquist
